

Children's Online Privacy Protection Act

The Children's Online Privacy Protection Act (COPPA) was passed by Congress in October 1998, with a requirement that the Federal Trade Commission (FTC) issue and enforce rules concerning children's online privacy. The primary goal of the Act and the Rule is to place parents in control over what information is collected from their children online. SnoCope Credit Union does not knowingly collect, nor is our web site designed or directed to use personal information from children under the age of 13 without containing verifiable consent from their parents/guardians.

We do offer children's programs on our web site: Rocky Raccoon for children ages 0-11, and the Sound Savers Club (Sound Saver's Checking and Sound Saver's Youth Visa) for teens age 12-14, and Money Smarts Club (Money Smarts Checking and Youth Visa) for ages 15-17. Unless applying for SnoCope Credit Union membership, no information is collected from children to participate in the online activities and information found in these areas of our web site.
